ALTERNATE MEDICAL CARE

CONSENT ORDER

HEAD NOTE NO: 2701

Claimant filed an Original Notice and Petition for Alternate Medical Care with this agency on May 21, 2020. In the Original Notice and Petition for Alternate Medical Care, claimant requested defendants be ordered to authorize medical treatment.

Based on emails, dated June 2, 2020, from counsel from both parties, and emails exchanged between the parties, defendants agree to authorize treatment for claimant. Specifically, defendants indicate they would authorize a repeat arthroscopic surgery for claimant with Thomas Atteberry, M.D.

In an effort to avoid an unnecessary hearing, and yet protect the interests of their clients, the parties agree to entry of a consent order, requiring defendants to provide the repeat arthroscopic surgery for claimant with Dr. Atteberry.

This consent order is not intended to reflect findings of fact or conclusions of law relative to this claim. Rather, it is intended to document and enter an order that is consistent with both parties' positions and acceptable to both parties. A formal alternate medical care hearing was not conducted, as all parties consented to entry of this order and waived the formal hearing.

## THEREFORE, IT IS ORDERED:

Pursuant to the agreement of the parties prior to the scheduled June 3, 2020, alternate medical care hearing, defendants shall authorize and provide claimant with a

Signed and filed this 3<sup>rd</sup> day of June, 2020.
